About Us. . .

Grandview Independent is an online news site created by Richmond residents for Richmond residents. We are dedicated to delivering exceptional coverage of the city's neighborhoods, events, and residents, telling the stories of the people who make Richmond a great place to live. We are building not just a great news site, but also a community of neighbors and partners like you. Together, we are making our coverage and our city better. Community-focused, reader-funded, and homegrown journalist-run, we now offer advertising to strengthen partnerships and boost the local economy.
